

## Insanity, Death or Health?

No. 207 Locust Street,  
St. Louis, Mo., March 29, 1905.

I was a victim of sleeplessness and extreme nervousness for eighteen months, unable to get a proper night's rest and feeling tired and worn out continually. I was easily irritated and hysterical at the slightest provocation, but Wine of Cardui gave me great relief. Within a week after I began using it I had my first real good night's rest that I had had for months. My appetite was soon restored, my general system toned up and nervousness became a thing of the past.

I am so pleased to acknowledge the great curative merit of your health giving medicine and gladly endorse it.

**WINE OF CARDUI**

We want to call your attention to the complete and immediate relief Mrs. Best secured by taking Wine of Cardui. Within a week after she began taking Wine of Cardui, Mrs. Best had her first good night's rest for eighteen months. Her restlessness was caused by nervousness and Wine of Cardui, as the best menstrual regulator, has no superior in the world as a medicine to soothe a woman's nerves. Nervousness and hysteria are warnings of the approach of insanity and if relief is not secured the end can only be the asylum or the grave. With such an outlook as this before her, no suffering woman can reasonably refuse to give Wine of Cardui a trial. It brings a cure that thousands of women have sought for in vain. Will you secure a bottle of Wine of Cardui today and start treatment?

All druggists sell \$1.00 bottles Wine of Cardui.

## HEIR TO A BIG FORTUNE

MRS. F. A. BURDIGE, OF GOULDING, IS LEFT A LARGE ESTATE.

The Birmingham Age-Herald, of recent date, contained the following regarding a large fortune which has been left Mrs. F. A. Burdige:

"Chief Wier yesterday received a letter from Dr. William C. Harrison, of Los Angeles, Cal., seeking information of the whereabouts of Miss Elia L. Bowling, giving her former address as 2007 First avenue, Birmingham. 'The letter stated that Thomas R. Bowling, the young lady's father, was killed a few days ago in Los Angeles by falling from a flight of stairs, and that a letter was found in his pocket from his daughter at Birmingham. Mr. Bowling had considerable insurance made payable to his daughter and had some valuable mining interests in Arizona. Dr. Harrison was anxious to communicate with the daughter and help her secure the property and money.

"The Age-Herald reporter succeeded in locating Miss Bowling yesterday at Pensacola, Fla., where she lives. She is now married to F. A. Burdige, superintendent of the Goulding Fertilizer Company of that place. 'Mr. Burdige and his wife are both well known in Birmingham. Mr. Burdige was at one time superintendent of the Birmingham Fertilizer Company, and his wife, then Miss Bowling, was employed in the offices of the Alabama Abstract Company.

"They were married October 3, 1900, and went to Anderson, S. C., which was Mr. Burdige's home. One year ago they removed to Pensacola, Fla.

"Chief Wier has notified Dr. Harrison, of Los Angeles, of these facts. 'Mrs. Burdige and her husband have many friends in Birmingham.

"The deceased Mr. Bowling was a prominent member of the United Confederate Veterans and a member of the camp in Los Angeles, of which Dr. Harrison was an officer. These facts to some extent accounts for the doctor's interest in the matter."

"I have been subjected to sciatic rheumatism for years," says E. H. Waldron, of Wilton Junction, Iowa. "My joints were stiff and gave me much pain and discomfort. My joints would crack when I straightened up. I used Chamberlain's Pain Balm and have been thoroughly cured. Have not had a pain or ache from the old trouble for many months. It is certainly a most wonderful liniment." For sale by all druggists.

## TOOK OVERDOSE OF MORPHINE

YOUNG WOMAN AT ATHENS, GA., IN SERIOUS CONDITION, BUT WILL RECOVER.

By Associated Press.

Augusta, Ga., March 31.—Miss Agnes Watson, daughter of Thomas Watson, is in a desperate condition this morning as the result of an accidental overdose of morphine taken at the home of a friend in Athens, Ga., where she is visiting in the absence of her father from the state.

Suffering intense pain from the extraction of a tooth three doses of the drug was taken and soon she was in a state of coma.

Physicians who attended her say the dose was three times too great for safety. At 1 o'clock this morning Miss Watson had regained consciousness, but her chance for recovery is poor.

Out of Danger.

Athens, Ga., March 31.—Physicians state that Miss Agnes Watson will recover, she being much better today. The medicine taken by her last night was given as a prescription at her home in Thomaston, Ga. It is thought that the combination of this medicine with the effects of cocaine used in the extraction of the tooth earlier in the day caused her desperate condition last night.

## THE POLITICS IN PENSACOLA

BIRMINGHAM AGE-HERALD CORRESPONDENT SIZES THEM UP AS HE SEES THEM HERE.

The Pensacola correspondent of the Birmingham Age-Herald has recently sent that paper a very interesting communication from which the following is reproduced:

Politics is All-Absorbing. Politics, next to the naval visitors, is rapidly becoming the all-absorbing topic of the day. In fact the city pot is simmering, and will soon be boiling. The question of the primary was decided several years since, yet there are still some in the democratic ranks who profess or oppose it. The candidates for mayor in the primary to be held April 4 are only two—Reilly and Bliss. Mr. Reilly is too well known to require anything said in his behalf; but Chas. H. Bliss, while he has claimed Pensacola as his home for perhaps a decade, has been a resident of Birmingham and other cities.

Several months ago Mr. Bliss, who is an all-around newspaper man and a forceful writer, began a crusade through the Daily Journal on the Pensacola Water Company, charging inefficient service, extortionate charges, etc., and for this public service he was landed to the skies by the many and consigned to the plutonian realms by the few people. The Pensacola water works is an out-of-date plant, without doubt, yet the owners were only waiting the donation of \$750,000 of city bonds to unload on the public at a price many times in excess of the actual value. Mr. Bliss headed a move to secure a franchise from the city much more favorable to the public than the old. This franchise was granted, and now Mr. Bliss offers himself as a candidate for mayor. So much for the primary candidates.

The Daily News, the organ of a certain democracy and the staunch supporter of Mayor Welles (his mouthpiece, in fact), heads the anti-primary movement. On last Monday night the anti-primary meeting, and after considerable apoplexy by his honor and others, C. L. Shine was nominated for mayor. Mr. Shine was a warm supporter of Mr. Welles two years since, and was rewarded for his services by being appointed city clerk. He is a smooth-faced, chubby, Pickwickian little lawyer, who came here from Tallahassee several years since. On account of his cherubic appearance during the last campaign he received the euphonious appellation of "The Katzenjammer Kid." The title stuck, and it is barely possible that the Katzenjammer Kid may be the next mayor of the Gulf City.

Many Fakirs in Town. For several weeks prior to the arrival of the fleet the fakirs, confidence men, hobos and disreputables of every character have been pouring into Pensacola, and the devices planned and the traps set to beguile poor Jackie of his hard-earned pay are countless. Lower Palafox and parts of Main and Zaragoza are lined with fleecing devices. There have been many complaints by the business men of the notorious violations of the license ordinance, but without result so far.

Service is Bad. Pensacola has had the poorest post-office service for years that is to be found anywhere. The help is entirely inadequate to the work done in the office, both carrier and clerical. Notwithstanding the fact that the presence of the vessels of the navy has almost doubled the amount of work, but three new clerks have been allowed, and but one of these will be retained after the departure of the fleet.

## HEALTH OFFICER PORTER ON HEALTH OF FLORIDA.

The Tampa Times says: Dr. Joseph Y. Porter, state health officer, who spent the day in the city, was interviewed by a Times man this afternoon regarding the health conditions of the state.

Dr. Porter said that there is more or less smallpox in the state, but that the epidemic is of a form that is, in his belief, very mild, and the number of deaths from this cause is few.

Of typhoid fever he said there was comparatively little, and no more than is usual in any other state. Florida, in fact, is better off in this regard than some of the other states.

Regarding Tampa, the doctor said that his visit did not portend any matters of importance to the city. His visit, he stated, was merely for the purpose of conferring with the president of the state health board, Hon. E. M. Hendry, of this city, and the local health officer, Dr. C. W. Bartlett.

The doctor spoke in the highest degree of the efficiency of the local health officers, and expressed gratification at the fact that the state health officer and the city physician were working together in all matters.

In regard to the treatment of smallpox the doctor said that the death rate in Florida is markedly small. Last year of a thousand cases throughout the state that came under his care, only thirty odd were white, and the deaths were extremely small. This he attributes to the active work of physicians throughout the state in furthering vaccination, particularly among the negroes.

JOHN C. ROWAN.

## Rheumatism.

Prof. E. E. Phelps, of Dartmouth University, the discoverer of the formula of Paine's Celery Compound, always maintained that rheumatism could be traced back to diseased nerves that failed to do their work properly.

Bear this in mind while reading the letter of John C. Rowan that follows.

Mr. Rowan wrote us over 10 years ago telling us how much he was being helped by Paine's Celery Compound. We wrote him a short time ago to find out if he still relied on Paine's Celery Compound.

"Yours of the 2d inst. is at hand, and in reply would say that I have never had any cause to change my opinion as to the good qualities of Paine's Celery Compound. As you are aware, some ten years or thereabouts ago, I was a martyr to rheumatism, and suffered intense pain with it in my knees; could not rest at night, but walked the floor with pain.

"All manner of remedies were tried; some gave me temporary relief, others have had no effect whatever.

"Now, my reasons for taking Paine's Celery Compound in preference to other remedies was that on an occasion once before I had taken two bottles of Paine's Celery Compound and was relieved so much that I did not take any more at that time, after my experience with other remedies which did me no good. Later, I was positive then that I had not given Paine's Celery Compound a fair trial to cure me absolutely of rheumatism.

"I concluded to take twelve bottles, and I did so, and I can assure you that you have a compound that is honest, and a sure destroyer of rheumatism.

"I have found it so, for up to this present date I have never felt any symptoms of rheumatism. I take it every spring, but for the blood only.

"Now, we have a remarkable case here in one of our schools, the janitor, Mr. William Garlow. He is a man between seventy and seventy-five years of age.

"He had suffered very much with rheumatism, so he felt he must give up his position. I had frequently recommended Paine's Celery Compound to him, and, like myself, he had taken one or two bottles of it, but did not give it a fair trial. I informed him of my case, and said: 'Try a dozen bottles, and it will convince you that my statement is correct.' He purchased five bottles; one he kept at the school, so he could take it as directions call for. Now he is well and feeling better than he has for years, and is a strong supporter of Paine's Celery Compound. His address is, William Garlow, Oakdale avenue, or Humboldt High School.

"Others have asked if it is a fact that Paine's Celery Compound has done so much for me and keeps me so healthy.

"That and the way I live have been the cause. At the time I had the rheumatism I was affected with catarrh. You can be assured I shall always be a friend of Paine's Celery Compound, for I am indebted to it—a debt I can never pay. You can refer to me and use this letter as you see fit in the cause of Paine's Celery Compound. I am, yours truly," John C. Rowan, 137 East Winifred street, St. Paul, Minn.

When you are sick in some part of your body it is because some organ is not doing its work. That is because THE NERVES ARE NOT STRONG ENOUGH to keep that organ up to its work.

The better the Nerve Force the better all the organs can work and give perfect health.

Paine's Celery Compound feeds the nerves—restores them to their strength—gives them new power to send vitality and health to every part of your body, new courage to your heart, new animation to your brain.

Remember this—Paine's Celery Compound is the prescription of one of the most famous physicians this country has ever known, Prof. E. E. Phelps, of Dartmouth University.

All reputable druggists recommend and sell Paine's Celery Compound.
